July 16, 2020

NOTICE TO ALL BAD RIVER HOUSING TENANTS

The Bad River Housing Authority would like to remind all housing tenants that it is required that your pet should always be under your physical control, be up-to-date on vaccinations, and licenses. This is in accordance with your signed Lease Agreement, Section 7, “Pets/Dog”, and the Bad River Tribal Ordinance, 360 - “DOG CONTROL”.

As stated in the Bad River Housing Authority Low Rental and Tax Credit Lease Agreement, Section 7, “Pets/Dog” reads as follows:

All pets owned by tenant shall always be kept under physical restrictive control. “Physical Restrictive Control” requires that pets be confined within a building, kennel, or fenced yard, or secured by a leash, chain, or rope attached to an immovable fixture, or held by a responsible person. All pets shall be current on all vaccinations and licenses. Dogs kept as pets shall also adhere to Chapter 360 of the Bad River Tribal Ordinances “Dog Control”.

Bad River Tribal Ordinance, CHAPTER 360 - DOG CONTROL Section 360.1 - Purpose

The purpose of the Dog Control Regulations is to protect the children, elderly, and all residents of the Bad River Reservation and their guests from injury by dogs and to prevent the spread of disease which could harm human beings and wildlife on the reservation.

Section 360.5 - Leash Law

No owner or keeper of any dog shall permit such dog to be at large.

For any questions about your pet status, contact Jean Thomas, or a local veterinarian.

Jean Thomas, (715) 682-7111, ext. 1568
