REMINDERS:

Wisconsin is now a COVID-19 hotspot. It had the third highest number of new cases in the past seven days (17,641 cases), with only California and Texas having more new cases. Many hospitals in the Fox Valley and throughout the state are reporting their ICU's are at capacity. Now, more than ever, it is important to remember to wash your hands frequently, wear a mask when you have to go out or are in public, SHELTER at HOME, and social distance. We are stronger together, and together we can slow the spread of this virus.

Stay Safe and Be Well
