Bad River Band of the Lake Superior Tribe of Chippewa Indians

Building on the Tribe's future

Chicken coop,
pole building,
Tiny Homes rise

By **Richard J. Pufall**
For The Bad River Band

Three important construction projects, all independent of each other, have come together to enhance the quality of life on the Bad River Reservation.

Those projects: A new chicken coop; Tiny Homes and a pole building.

The pole barn and chicken coop were built as ventures of the Tribe's Food Sovereignty Program, according to its Director Loretta Livingston. An award from the First Nations Grants Program provided the funding.

The chicken coop

"The Food Sovereignty Program was awarded a \$5,000 NCAI grant to increase food

Photo courtesy of The Food Sovereignty Program
Early in construction, the pole building and chicken coop, left, can be seen through the High Tunnel frame.

Continued below, on Page 2

The new Tribal chicken coop, built by Doug Jennings and his son, Bryton, is shown at right, in the early stages of construction. Below, the finished coop gets rave review from its fine-feathered friends, the coop's tenants.

availability in the community given the COVID-19 Pandemic; by raising meat chickens and distributing harvested chickens to community members,” Livingston said. “To do so, another chicken coop was needed, supplies and equipment to raise and harvest chickens were needed as well. “The driving force behind the chicken coop was the opportunity presented through NCAI, and the idea to construct another chicken coop to raise meat birds as well as laying hens. In other words, to provide another source of food for the community.”

And predators, that had invaded the old coop and killed chickens, created another reason for a new coop. Enter Doug Jennings, the Tribal Planner, who also has carpentry skills and a willingness to volunteer.

“I was making garden boxes for Food Sovereignty and when I was dropping one off I was told that something got into the chicken coop and killed their chickens,” Jennings said. “I had the same thing happen to my chickens a few years ago and decided to build a fortified coop which has been successful in keeping critters out.

“I mentioned this to Lorretta and I volunteered to help her program out and build a coop. Food Sovereignty was also looking to raise fast-growing chickens so a larger coop was needed. Building a new coop fit both needs, security, and space. My son (Bryton) and I built the coop over a few weeks after work. Some of the Food Sovereignty staff helped by creating the pen area and fencing. The coop was built to withstand winter if Food Sovereignty decides to keep them year-round.”

Livingston said Doug and Bryton worked weeknights and Saturdays and Sundays to finish the chicken coop over the course of the months of September and October, 2020. Livingston said Food Sovereignty was unable to obtain the services of a local carpenter to construct the chicken coop, so the volunteer efforts of Doug and Bryton

Continued below, on Page 3

Buildings

From Page 2

ensured the success of the project. She said the NCAI grant was awarded in June 2020, but the funds were not accessible until September 9, 2020.

The chicken coop enclosure is 12-feet long and 8-feet wide and can hold up to 35 chickens. The coop is located on the north side of the Food Sovereignty building, directly behind the fenced in garden area and will be south of the compost area to be constructed. The cost to build the chicken coop was \$800.

At present, Livingston said, there are 12 laying hens, that were donated to the Food Sovereignty Program. She said the eggs are routinely distributed to the Elders through cooperation with the Elder/Aging Program. Some eggs are distributed to community members and sold for donations at the Farmers' Markets.

The butchered chickens will go to "needy" families and elders in the community, she said. In the past, pork from donated pigs was distributed to low income housing residents and Elders.

Livingston said when the NCAI grant became available, Food Sovereignty had considered the idea of meat birds prior to this past summer. However, she said, meat birds required more room, additional labor, more equipment, and therefore additional funding.

The original chicken coop was purchased using a BIA grant that had leftover money from previous projects. But, she said, as it was a starter coop to begin raising chickens, it needed mending after two years, and would not accommodate a greater number of chickens or both meat and egg chickens in that same coop.

"The Food Sovereignty Pro-

gram, after three years, is still in its infancy in the sense that we are still on a learning curve, trying to determine how much produce can be grown in the two High Tunnels, the outdoor gardens, the tea garden,” Livingston said. “The chickens were added as a natural progression to raising more food for the community. Beehives were added two years ago. However, a bear destroyed the hive earlier this spring. Another hive was donated, however, honey will not be harvested until next summer/fall.”

The Bad River Housing Authority donated a third High Tunnel to the Food Sovereignty Program, purchased with their COVID-19/CARES Act funds, Livingston said.

“The frame has been constructed and will be finished in the spring of 2021,” she said. “More space to grow more food. A total of four community gardens will be constructed throughout the community next growing season, with two sites yet to be identified.”

It should be noted that anyone in the community can raise chickens if they have a secure coop.

Tiny Homes

There are two Tiny-Homes projects going on at the same time, Doug Jennings said. The first is five Tiny Homes being purchased and placed by the Bad River Housing Authority.

The second is five Tiny Homes being built by the Tribe and under the direction of Jennings.

Each Tiny Home is 14-feet wide by 23-feet long. Each home has a kitchen, bathroom, and living area. They will have gas-on-demand hot water, and electric heat/air conditioning. Each home has a cement foundation, complete with electrical and plumbing. They are fully insulated and built with lumber

Photo by The Bay City News Service

With the chicken coop at right, the High Tunnel can be seen through the nearly-completed pole building.

milled locally.

“Richard in facilities poured the foundation slabs and prepped the sites,” Jennings said. “This was a huge help! We were able to have our Youth Build crew from Bad River work on these homes. They are led by a contractor who supervises the build sites. The Bad River crew is made up of young adults who want to learn the trades.”

He said two of the homes are being used to house the homeless. Both of these homes, he said, went to Tribal members who had a lease and utilities on their site but no home.

Three homes are going to be used as isolation sites, he said.

“After a period of time, or as the grant allows, we will turn these over for home ownership,” Jennings said. “There are numerous Tribal members who need a house or a roof over their heads. We will work one at a time to make sure everyone’s needs are met

“The isolation homes are to separate families from sick or asymptomatic people. This helps prevent the spread of diseases and keeps all family members safer. It also allows someone to stay closer to home rather than a hotel somewhere.”

He said the two Tiny Homes

for the homeless were funded by a grant through the Great Lakes Inter-Tribal Council and the Medical College of Wisconsin. The three isolation Tiny Homes are being funded through ICDBG-COVID grants.

Each Tiny Home costs \$15,000 to \$20,000 to build, complete with sewer/water, building, foundation, appliances, and all fixtures.

Jennings said volunteers to work on the homes are being sought. Work includes picking up supplies, building, or clean-up.

Pole building

The pole building, like many things, was built out of need.

“The Food Sovereignty Program received a pole barn (approximately \$26,000) and tractor (\$27,500), purchased by the Bad River Tribe with federal CARES/COVID monies,” Livingston said. “The new tractor, trailer (\$2,000 from a First Nations Grant) and other program equipment required larger, outdoor storage.

“The pole barn idea speaks for itself. A previous grant submitted contained a line item for a pole barn for storage. It was not funded. If the Food Sovereignty Program was going to expand its capability to provide more food

to the community, more equipment would be needed.”

And the shelter provided by the pole building is much-needed.

“Head Start has been bussing children for years,” Jennings said. “The buses have never had shelter to keep them out of the elements during non-use. The bus drivers can now enjoy pulling their busses out without having to let them warm up for a long time or scrapping snow and ice off. This was a partnership with Transit also as they will be storing a bus in the new building as well.

“As our Food Sovereignty program grows, so do the needs of the program. They were fortunate to get a tractor this year which really helps production efforts. They identified a need to have storage for crops and machinery. A 30-foot x 36-foot pole building is being built to accommodate their needs.

“Facilities is an often-overlooked asset of the Tribe. Taking care of all the Tribal properties is a monumental task and requires a lot of resources. A building is needed for storage of janitorial, building parts, and a maintenance area. We were able to build a 36-foot x 48-foot building which honestly could have been double this size, but budgets are small.”

Sleep Baby Safe

Eighth of a series: Babies sleep safest on their backs

Carol Nickel

For the details!

If you would like more detailed information on safe sleep, please do not hesitate to reach out to me:

Carol Nickel RN MCH
Bad River Health and Wellness Center

c.nickel@badriverHWC.com

Or look for more information in the December 23 newsletter. Until then, "SLEEP SAFE."

Photo courtesy of
the Safe to Sleep Campaign

Babies sleep safest on their backs.

Babies who sleep on their backs are much less likely to die of SIDS than babies who sleep on their stomachs or sides.

Every sleep time counts.

Babies should sleep on their backs for naps and at night. Babies who are used to sleeping on their backs but who are then placed on their stomachs, like for a nap, are at very high risk for SIDS.

Sleep surface and sleep environment matter.

Babies who sleep on a soft surface, such as an adult mattress, or under a soft covering, such as a soft blanket or quilt, are more likely to die of SIDS or suffocation. These deaths also are more likely when soft objects, toys, and blankets are in the baby's sleep area.

**Administrative leave for employees
with children in K-12 school system**

**BAD RIVER BAND OF LAKE SUPERIOR
TRIBE OF CHIPPEWA INDIANS**

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54861

Date: November 12, 2020
To: All Employees
From: Mike Wiggins Jr. Tribal Chairman/Executive Director

Subject: **Admin Leave
Virtual School Year**

Boozhoo,

To better support our children during this school year, I approve the following admin leave to employees with children in our K-12 school system:

- Starting the Week of November 16, 2020: 2-hours admin leave per day, totaling 10 hours per week. Leave must be taken in 2-hour increments each day.

The Admin Leave stated above remains in place until further notice.

If you have not already done so, please verify with Human Resources (Prissilla, Denise or Ron) that you have children in the school system who are enrolled virtually to be eligible for the admin leave.

2 COVID-19 deaths in Bad River

Fear, hope mix with vaccines on the way

By Richard J. Pufall

For the Bad River Band

With two Tribal deaths recently reported, emotions have been mixed among sadness, fear and hope as the Bad River Band joins the rest of the world in battling the coronavirus, now in the 10th month of dealing with this horrible disease.

The fear, of course, comes from the record rising numbers of positive cases, hospitalizations, and deaths from COVID-19, including the two in Bad River.

Around the world, as of this morning, December 9, 1,544,531 have died from COVID-19. An alarming 282,362 have died in the United States, including 3,806 in Wisconsin.

The Bad River Reservation has suffered two deaths, and has joined the four-county area of Ashland, Bayfield, Iron and Douglas, here at the top of Wisconsin, in facing a stern test from the virus.

To date, there have been 136 positive cases of COVID-19 reported in Bad River, with 32 still active. Those first two deaths, reported on December 1 and 7, have caused great sadness and concern.

In those four counties, positive cases have increased by 975 and deaths have risen by 18, from 26 to 44 in the last two weeks. Deaths in Bayfield County jumped to 16, from 9

For updates on the Bad River Tribe's efforts to combat COVID-19, the coronavirus pandemic, click the link below

[Website](#)

Tracking COVID-19

As of this morning, December 9, there were 14,882,898 cases of COVID-19 in the United States, with 282,362 deaths. The first coronavirus case in Wisconsin was reported on February 5. There are 32 active cases of COVID-19 on The Reservation remaining from 136 positive tests. Two community members have died. There have been 418,446 cases of COVID-19 reported in the state and 3,806 deaths.

Numbers in our 4-county area

<u>County</u>	<u>Reported cases</u>	<u>Deaths</u>
Ashland	806	10
Bayfield	766	16
Iron	381	10
Douglas	2,419	8

two weeks ago. Ten have died in both Ashland and Iron counties.

But to temper the bad news is that countries across the world are preparing to begin giving citizens COVID-19 vaccines. Those vaccines will be provided by such drug manufactures as Moderna, BioNTech-Pfizer, and Oxford-AstraZeneca, among others.

On Wednesday, December 2, a

CDC panel agreed how COVID-19 vaccines should be distributed, but it is unclear when they will be available in the United States. There are expected to be enough doses to immunize 20 million people by the end of December, Health and Human Services Secretary Alex Azar said.

When the vaccine news first broke, it sparked a wave of celebrations, with the stock market

surging, top infectious disease expert Dr. Anthony Fauci describing the results as "extraordinary," and President Donald J. Trump's Administration claiming it as a victory in their last days in The White House.

And the reception at the Bad River Health and Wellness Center was warm and welcoming,

Continued below, on Page 9

COVID-19

From Page 8

to be sure.

"I think a vaccine is what we have been hoping for," said Pam Feustel, Public Health Nurse for the BRHWC. "It has the potential to slow the spread of the virus and eventually return us to a state of normalcy. The reaction is cautiously optimistic. When it is here, and we are able to provide the community with the vaccine, we will also be very excited."

But the vaccines, these new, powerful weapons against the coronavirus, still need the continued assistance provided by the CDC guidelines of wearing masks, social distancing and washing hands.

Governors across the country are practically begging residents to follow health safety guidelines. Many believe the present situation would not be nearly so grave if these guidelines had been followed since the first positive case of COVID-19 was reported in Wisconsin on February 5.

"It is unfortunate that governors and other officials need to beg residents to do the right thing and follow safety guidelines," said Tina Gerovac-Lavasseur, Bad River Public Health Nurse. "We did expect a potential surge in numbers when schools returned to session, and during the holiday season."

Positive logic would seem to indicate that these new vaccines, when used in concert with strict adherence to CDC guidelines, will bring these numbers down and eventually control/defeat COVID-19.

Feustel's cautious response to that notion probably speaks for most, when she said, "The answer to this is short and sweet: That is the hope."

Since Joe Biden was declared the winner and is now President-elect, President Trump has not conceded defeat. Many feel that the disconnect in this transition will minimize our country's efforts to combat COVID-19. Trump's time has been spent contesting the election results in court and has not addressed the virus. Biden, so far, has made good on his promise to make COVID-19 his No. 1 target of concern.

One wonders if this national conflict in the White House has any impact locally

BAD RIVER HEALTH
& WELLNESS CENTER

Due to the increasing numbers of COVID cases in the community we here at the Bad River Health & Wellness Clinic are:

- **Requiring** anyone coming into the building receive a COVID rapid test prior to their appointment. (*This includes medical, dental, lab, AODA , etc.)

*Test have to be same day as scheduled appointment.

***Must** have an appointment for COVID test before arriving

*Arriving at least an hour before scheduled appointment time to allow lab to get results.

This is for *your protection*, as well as the well being of our employees. We will continue to be here to support and provide services to our community.

Any questions you may contact:

Randy Samuelson, Clinic Administrator

r.samuelson@badriverhwc.com

Robert Houle, Assistant Clinic Administrator

r.houle@badriverhwc.com

on the Bad River Reservation? Or is it of no concern and off the local radar?

"I wouldn't say that it is off of our radar, however, our priority was, and continues to be, fighting the battle of COVID-19," Gerovac-Lavasseur said.

Meanwhile, Bad River Tribal members must deal with the same concerns and stresses of mask, quarantine, and isolation fatigue that plagues the rest of the world. But morale issues seem to be a manageable situation on The Reservation.

"Fortunately, the morale still seems to be very upbeat," Feustel said of the community. "We are all working together as a team, and as we see surges, we pull together even closer in difficult times."

And after nearly a year of darkness, the bright light of a better, tomorrow might be on the horizon.

"The Bad River Community has always been committed to fighting this virus, and it continues with that commitment," Gerovac-Lavasseur said. "People continue to follow guidelines and shelter in place to slow the spread. As far as Wisconsin, and the Nation itself, I think the fact that we are seeing new medication regimes as well as a potential vaccine release date, as two very positive tools in the fight against COVID."

There's no one like Will Rogers

Some 85 years after his death, the name of Will Rogers is back in the news.

You see, the Cherokee Nation has agreed to purchase Will Rogers' historic home and family ranch in northeastern Oklahoma, intending to make restoration and repairs to the birthplace of the revered and much-loved actor and political humorist.

A signing ceremony documenting the purchase from the Oklahoma Historical Society was held on Nov. 4, the 141st anniversary of Rogers' birth.

"Will Rogers' humor and his unique ability to make complicated political and economic issues easy to understand made him a powerful social critic and commentator," said Principal Chief Chuck Hoskin Jr., in a written statement released by the Tribe. "He captivated audiences around the nation because his humor never insulted or belittled anyone – he was simply telling the truth about people in positions of power.

"He was called, 'The Cherokee Kid,' in his early entertainment career and always embraced his culture and his Tribe. No matter how popular he was, Will Rogers was always a Cherokee, and he talked about it. He reminded people every day that there are Native people of this land still alive and who remain a vibrant part of America's tapestry. It is quite fitting that the Cherokee Nation will now have an opportunity to continue telling this story from such a unique perspective."

Dr. Bob Blackburn, the executive director of the Oklahoma Historical Society, a state agency that owns the Will Rogers Memorial Museum in nearby Claremore, said the investment by the Cherokee nation will help secure the legacy of the Rogers family ranch.

He was born William Penn Adair Rogers on Nov. 4, 1879, on the family ranch in Oologah, Okla., northeast of Tulsa, the youngest of eight children of Clement Vann Rogers and Mary America Schrimsher.

In the early 1920s, Rogers ventured into the entertainment industry, where his talents with a rope and horse drew attention.

At first, he worked in vaudeville then joined the Ziegfeld Follies, which led to movie contracts. He starred in 71 movies, (50 silent films and 21 "talkies"). He wrote seven books and more than 4,000 nationally syndicated newspaper columns.

By the mid-1930s, Rogers was hugely popular in the United States and perhaps the most recognizable figure in the nation for his folksy, political wit. He was the highest paid of Hollywood's film stars.

He became known throughout Hollywood and the film industry as, "Oklahoma's Favorite Son."

His most famous and best-remembered line was, "I never met a man I didn't like." He also poked fun at politicians on both sides for the aisle, saying, "I am not a member of any organized political party. I am a Democrat."

Other quips by Rogers survive to this day, such as:

- ~ "Never let yesterday use up too much of today."
- ~ "Even if you're on the right track, you'll get run over if you just sit there."
- ~ "I don't make jokes. I just watch the government and report the facts."
- ~ "All I know is just what I read in the papers, and that's an alibi for my ignorance."
- ~ "Everybody is ignorant, only on different subjects."
- ~ "Live in such a way that you would not be ashamed to sell your parrot to the town gossip."
- ~ "There are three kinds of men. The one that learns

by reading. The few who learn by observation. The rest of them have to pee on the electric fence for themselves."

"Never miss a good chance to shut up."

Rogers died at age 55 on Aug. 15, 1935, in Point Barrow, Alaska in a plane crash with close friend and well-known aviation pioneer Wiley Post, who piloted the plane.

Rogers traveled around the world three times, crusaded for aviation expansion, and provided Americans with first-hand accounts of his adventures. His earthy comments and folksy style allowed him to poke fun at prohibition, gangsters, politicians, government, and other controversial topics in a way that captured general acclaim from a national audience. And yet, he offended no one.

Who today is like Will Rogers? Sadly, no one.

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54861

BAD RIVER TRIBAL COUNCIL ISSUES A SHELTER AT HOME ORDER

On September 8, 2020, the Bad River Health & Wellness Center confirmed a positive COVID-19 Tribal Member within the community traced to an off reservation gathering. There has been an additional Covid-19 positive test from a person residing within the Bad River Reservation. The Bad River Tribal Council has determined that a shelter at home order is in the best interests of the Band and its members and is necessary to protect public health and safety,

The Bad River Tribal Council does hereby order all persons currently living on the Bad River Reservation to stay home or in their place of residence except to engage in necessary activities and work, as described below, beginning on Thursday, September 10, 2020 at 8:00am and until further notice.

Shelter at Home guidance for activities deemed necessary:

- Leave their home or residence and relocate to a safe alternative home or residence, if their homes or residences are unsafe or become unsafe, including homes and residences in which persons have suffered from or are at risk of domestic violence, or in which safety, sanitation or essential operations cannot be maintained;
- Engage in activities essential for the health and safety of family, household members and pets, including seeking medical or behavioral health or emergency services and obtaining medical supplies or medication;
- Obtain necessary supplies and services for family or household members and pets, such as groceries, food, and supplies for household consumption and use; laundry services; supplies and equipment needed to work from home; and products necessary to maintain the safety, sanitation, and essential maintenance of the homes, residences, and personally-owned vehicles;
- Care for a family member, friend, or pet in another household or residence, and to transport a family member, friend, or pet for essential health and safety activities, and to obtain necessary supplies and services;
- Engage in outdoor exercise activities, such as walking, hiking, running, or biking, but only if appropriate social distancing practices are used;
- Engage in ceremonial or religious activities;
- Gather food and medicines for traditional or agricultural purposes;
- Travel to exempted activities and travel to return to a home or place of residence; and
- Travel to and from their home or residence, place of work, and child care location, if their work duties cannot be performed at their home or residence and their work duties have been designated as essential by the Band, by any other governmental entity, or by an employer;

People at high risk of severe illness from COVID-19, such as elderly people and those with underlying health conditions, are strongly urged to stay in their home or residence, except as necessary to seek medical care and obtain other necessities of life, even when the terms of this order would allow them to leave their home or residence.

The Bad River Tribal Council encourages non-members to avoid travel to the Bad River reservation for any non-essential purposes.

In the interests of health and safety, the Tribal Council will use available means to enforce any mandatory 14-day self-isolation and/or quarantine orders issued by the Bad River Health Department under Chapter 146 - Disorderly Conduct of the Tribal Court Code.

 Michael Wiggins Jr., Tribal Chairman

 mikew@badriver.com

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54861

Date: September 9, 2020
To: Department Heads
From: Mike Wiggins Jr. Tribal Chairman/Executive Director
Subject: Essential Services

Our Tribal Council is moving with caution in regard to the recent Covid-19 positive in our community. It is with profound concern for the health and safety of our employees, families and community that we find it necessary to issue a "shelter at home" order.

We have been through some of the precautions in the past and once again it is going to be imperative that certain essential services remain available to our community and organization to serve and protect all of our people.

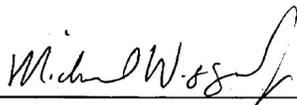

- The Bad River Clinic will continue services, although they will be going back to testing for Covid-19 in the back area under a tent as they did previously.
- Accounting will need to continue to provide necessary functions for the overall operations of our Tribal Government
- The Chief Blackbird Center will remain open with check in screening and appointments for vehicle related business and enrollment.
- The Bad River Tribal Court will be re-issuing its pandemic scheduling and operations protocol.
- Social Services and Mashkizibii Natural Resources will continue with scheduling strategy and remote work delegation as needed to minimize grouping and close contacts.

Department Heads will once again be tasked with reviewing and defining essential services in their department. Please be advised of the following:

- Essential Services must be formally defined by you as they relate to your department.
- Remote work, scheduling strategy to minimize groups, and virtual meetings are all advised for departments.
- Department Heads will approve time submitted via TMS. Activity Logs must be provided to HR if requested.

I greatly appreciate all that you all are doing to keep Tribal Operations running in place with as much efficiency as possible during these times. Each day brings new challenges for us and we are all rising to that challenge.

Miigwech.

Michael Wiggins Jr., Tribal Chairman
(715) 292-2930
mikew@badriver.com

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54861

Date: November 13, 2020
To: All Employees
From: Mike Wiggins Jr. Tribal Chairman/Executive Director
Subject: Reassessing our Safe Workplace

Amid record high cases, hospitalizations, and deaths throughout the State of Wisconsin and the Upper Midwest region, I wanted to send a reminder of the highest sense of urgency we must all participate in.

It is everyone's responsibility to assess our workplace, our workstations, our work areas, and the way we conduct our daily work. We must be diligent and vigilant in reducing the exposure to workplace hazards that will increase the risk of COVID-19 transmission.

Please adhere to the following:

- Reduce or eliminate close contact (i.e., closer than six feet) between each other. This entails identifying those spaces where close contact is most likely to occur. Once these areas are identified, steps should be taken to isolate from the hazard.
- Modify or adjust seating, furniture, and workstations to maintain the social distancing of six feet.
- Use methods to physically separate employees in all work areas and other areas such as meeting rooms, break rooms, outside project work, parking lots, entrance and exit areas and locker rooms.
- Discourage handshakes, hugs, fist-bumps, and all other forms of close human contact.
- Clean and disinfect high-touch surfaces on a regular basis.
- Mask up! Unless you are working alone in an office or workstation, you should always be masked up.

The Tribal Operations team will continue to fog all areas and all buildings as the need arises. Miigwech to all our maintenance team members who have taken on this high-risk work for the safety and good health of our employees and Tribal Members.

Healthy and Strong – Health is Wealth.

I greatly appreciate your renewed commitment to ensuring your safety, your coworkers' safety, and the safety of all Tribal Members. Each day brings new challenges for us. We must continue to rise to the challenge to ensure our health and safety.

Chi Miigwech.

Eldred Corbina - Vice Chairman

Beware of fake \$50 bills

Please be on the lookout for FAKE \$50 dollar bills being circulated in the Bad River Community. Four fake \$50 dollar bills have made their way to our Accounting Department. If anyone comes across any of these please DO NOT ACCEPT as valid currency!

Below are steps to spot a counterfeit \$50:

The \$50 dollar bill is designed with two main features to look for in avoiding counterfeit bills.

1
The first thing to look for is the security strip, at right. You can only see it when a light source is behind the bill. To view this, hold your bill up to a light

and the security strip will appear. It should be located in exactly the location shown above, right. To the right of President Grant and crossing underneath the left leg of the "U" in United.

If the security strip is not visible when held in front of a light or is visible without the light, it's fake.

2
Next, while holding it up to the light, a hologram image of Grant will appear on the front/right side of the bill. (Shown at left). This image is not visible without the light source behind it. If you don't see this feature, it's counterfeit.

3
Next, check the "50" on the bottom-right corner. It is made with color-shifting ink, so if you tilt the bill in different directions, the color will change.

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54881

MEDIA STATEMENT

Bad River Statement on Prevention of COVID-19 within the Reservation

In a decision May 13, 2020 the State Supreme Court decided almost all of the State's Safer-at-Home Order, Executive Order 28, is not enforceable. In response Michael Wiggins Jr., Bad River Chairman, issued the following statement:

"The Bad River Tribal Council closed the gaming facility and limited other activities in Odanah, Wis. with the outcome of protecting our tribal community and surrounding areas.

"Regardless of the State Supreme Court decision, the Bad River Band of Lake Superior Chippewa will continue to follow the 'Safer-at-Home' guidance with the outcome of protecting the safety and health of the community while relying closely on the guidance of our public health and medical staff.

"We encourage other governments and municipalities or the broader public to voluntarily follow the safer-at-home guidelines to ensure the long-term safety and health of our communities."

For more information please read the Coronavirus Updates page at <http://www.badriver-nsn.gov/news/> and the attached Flyer. Miigwech!

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 Odanah, Wisconsin 54861

Date: Monday, June 15, 2020
To: All Bad River Employees
From: Mike Wiggins Jr. Tribal Chairman / Executive Director 
Subject: Travel Guidance

As we begin our return to the workplace full-time, I wanted to share key guidelines. To date our Tribe has been very pro-active in preventive practices, which have resulted in zero positive COVID 19 cases on the Bad River Tribal Reservation. For that, I thank each of you. Together we have made a positive and collective difference.

The following guidelines apply to all Bad River Tribal employees when traveling outside the area. You should interpret this as travel to areas other than home and work, and regular weekly routines in your residential area.

- You should discuss all travel plans with your Supervisor in advance of that travel.
- If your work-related travel is essential, your Supervisor may approve your travel. Your Supervisor also may deny that travel request. Approved essential travel will see employees undergoing a rapid test for covid-19 upon return, prior to returning to your job site. The rapid test will determine if self isolation/quarantine is needed. In the event of a positive test as a result of work-related travel, time off will be covered under administrative leave time.
- Non-essential work travel is highly discouraged until further notice.
- For personal, non-essential travel into areas of great activity or higher populations (metro areas, cities, high levels of human activity), you will be required to take a COVID 19 test prior to returning to work. Please call the Bad River Health & Wellness Center ahead to schedule your test. Upon request, the clinic will provide you with a written copy of your test results. Self isolation/quarantine that is necessary due to personal travel will be covered with the employee banked leave. If in the event there was no leave bank, administrative leave could be considered for public health and safety. Communication with supervisors prior to travel is key.
- Depending on each circumstance of travel, you may be expected to self-quarantine upon return for a period of 14 calendar days and use the appropriate paid/unpaid leave.
- If, in the process of tracing and tracking, you have been identified as having been exposed to a positive COVID 19 citizen, you are expected to be COVID 19 tested and quarantined 14 days. Administrative leave would be provided.

Miigwech.

Tribal policy means daily screening for all employees

COVID-19 Temperature and Screening Policy and Procedure DAILY SCREENING OF ALL EMPLOYEES

The purpose of this procedure is to define the Bad River Tribe's policy with respect to daily screening and temperature administration for all Tribal Employees during the current COVID-19 pandemic.

Defined:

Pandemic: A disease prevalent over the whole country or the whole world.

Scope of this Policy:

This is a mandatory procedure and shall be followed daily by all Bad River Tribal employees upon entering the Tribal facility in which they work.

The Policy:

Effective Monday, June 15, 2020, all employees reporting to work will be screened daily for respiratory symptoms and have their body temperature taken as a precautionary measure to reduce the spread of COVID-19.

Every employee will be screened, including having his or her temperature taken, when reporting to work. Employees should report to their work location or a central screening location upon arrival at work and prior to entering any other Bad River Tribal community facilities.

Each employee will be screened privately by a designated screener, using a touchless forehead/temporal artery thermometer. The employee's temperature and answers to respiratory symptom questions will be documented, and the record will be maintained as an employee data log.

An employee who has a fever at or above 100.0 degrees Fahrenheit or who is experiencing coughing or shortness of breath will be sent home to follow the Return to Work Following Screening Temporary Policy. The employee should monitor his or her symptoms and call a doctor or use telemedicine if concerned about the symptoms.

Each Tribal Department will manage their own screening process. For departments with a population of more than ten (10) employees, the Department Head is responsible for designating and scheduling employees to conduct screening in their location. In cases of facilities housing multiple departments (Blackbird Center, Health & Wellness Center), Department Heads will work together for the designation and scheduling of screener employees.

Employees designated as screeners will be trained by the Health & Wellness Center Medical Team.

TARA PERRON

THE ANIMALS OF TURTLE ISLAND

AVAILABLE AS BOTH NIMAAMAA-AKI AND KHEYA WITA

Animals of Turtle Island is by Tara Perron and illustrated by Jackie Paske, and is available in both Dakota and Ojibwe language. Tara Perron's books introduce children to the Ojibwe and Dakota animals of Turtle Island respectively. Retail Price: \$10.00 each.

DR. GINIWGIIZHIG AND NIIZHOBINES

HOW THE RABBIT AND THE BOY HELPED EACH OTHER

How the Rabbit and Boy Helped Each Other by Dr. Giniwgiizhig and Niizhobines, illustrated by Jordan Rodgers, is another classic illustrated children's Ojibwe story about when the rabbit helped a boy stuck in a deep pit. The book is in both English and Ojibwemowin. The story should be told only when there is snow on the ground and a tobacco offering has been made. Retail Price: \$11.95.

NENEBOOZHOO STEALS FIRE

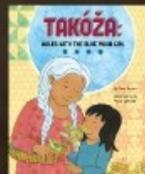

Neneboozhoo Steals Fire by Dr. Giniwgiizhig and Niizhobines and illustrated by Jordan Rodgers, is a classic illustrated children's Ojibwe story of when the trickster stole fire from an old man and his daughters. Translated and written in both English and Ojibwemowin, and to be told when there is snow on the ground and a tobacco offering has been made, the book introduces readers to the cultural hero and the Ojibwe language. Retail Price: \$11.95.

WHEN THE BOY WAS MADE INTO A WHIRLWIND

When the Boy Was Made Into a Whirlwind by Dr. Giniwgiizhig and Niizhobines and illustrated by Jordan Rodgers, is a Neneboozhoo story that teaches lessons about being respectful and helping others. The book is in English and Ojibwemowin. The story is to be told when there is snow on the ground and a tobacco offering has been made. Retail Price: \$11.95.

Revised 12-8-20

What's your story?

If you know of a good story from the Bad River Community that needs to be told in "Drum Beats," just send an email to NewsLetter@BadRiver-nsn.gov or call 920-857-4673.

School District of Ashland

ERIK T. OLSON, *Superintendent*
 BONNIE L. STEGMANN, *Business Manager*

KATIE R. MATTHIAS, *Director of Student Learning*
 DANIELLE E. MIKULA, *Director of Student Services*

November 12, 2020

Dear Oredocker Families,

I am sharing an important update regarding COVID-19 transmission within our community and its impact on our staffing. Over the last few weeks, we have flipped several cohorts, grades, and classes to virtual instruction in an effort to keep as many students in school as possible. We have now reached our tipping point when it comes to our ability to keep all our buildings open.

At the time of this communication, positive rates within our county have risen to approximately 24-25% of individuals tested. While the county continues to identify spread as outside of our schools, many staff members and some students are absent due to sickness or quarantined due to possible exposure. With the lack of staffing we are experiencing, it is difficult to maintain operations in three of our four schools.

For this reason, the District does not have adequate staffing to support in-person instruction in three of our four schools. **AHS, AMS and LSE will move to all virtual learning beginning Friday, November 13.** Marengo Valley School will continue in-person/virtual instruction at this time due to having fewer staff quarantines.

Additionally, we have been advised by Ashland County Health Officials that our community can expect an increase in spread after Fall Break due to gatherings associated with both Thanksgiving and deer camp. **For this reason, all schools (MVS, LSE, AMS, & AHS) will be closed, with all students receiving virtual instruction, from December 1 through December 11, 2020.** Please see table 1 below for the schedule:

Table 1 Learning Schedule

School	11/13/20 - 11/20/20	11/23/20 - 11/30/20	12/1/20 - 12/4/20	12/7/20 - 12/11/20
MVS	In-Person/Virtual Instruction	Break	Virtual Instruction	Virtual Instruction
LSE	Virtual Instruction	Break	Virtual Instruction	Virtual Instruction
AMS	Virtual Instruction	Break	Virtual Instruction	Virtual Instruction
AHS	Virtual Instruction	Break	Virtual Instruction	Virtual Instruction

Teaching & Learning Schedule

November 13-20: AHS, AMS & LSE will follow their typical schedules in a 100% virtual format on Monday, Tuesday, Thursday, and Friday for all students K-12. Wednesdays will still be a continuation of learning, as it has been this school year.

MVS will continue to offer in-person and virtual instruction up to the Fall Break, as long as our staffing supports it. Wednesdays will remain a continuation of learning, as it has been this school year.

November 23-27: No School (Fall Break)

The School District of Ashland does not discriminate on the basis of race, color, national origin, sex, disability or age in admission, treatment, or access to any of its programs or activities.
 DISTRICT OFFICE • 2000 BEASER AVENUE • ASHLAND, WISCONSIN 54806 • 715-682-7080 • FAX: 715-682-7097

(Continued on Page 25)

(Continued from Page 24)

December 1-11: AHS, AMS, LSE & MVS will follow their typical schedules in a 100% virtual format. Live lessons will follow the daily schedule on Monday, Tuesday, Thursday, and Friday for all students K-12. Wednesdays will still be a continuation of learning.

Students may access Wi-Fi at the [linked locations](#) throughout the district. Please contact the administrative assistants in each building if you have any questions.

Food Service

Breakfast and lunch will continue to be provided during this time. Parents and guardians may pick up five breakfasts and five lunches per child, per week at the Ashland High School Parking Lot, near door S7. Meals will be distributed on Mondays and Wednesdays from 4:00 to 6:00 p.m. Meals can be reserved on the district website under "Food Service," or at the following link: [Meal Order Form](#).

Items/Technology Left at School

Please contact your building principal to schedule a time to pick up any items you need for your child.

Activities & Athletics

At this time, we are evaluating extracurricular activities in conjunction with our community partners. We will communicate changes as these decisions are made.

Return Date

At this time, we hope and plan to return to in-person instruction on **Monday, December 14**. This plan will be reevaluated as circumstances continue to develop and change. Should we need to extend our time in virtual learning due to the public health guidance we receive, we will notify families by [Wednesday, December 9](#).

We are sensitive to the challenges and stresses virtual instruction places on our families, and we are committed to supporting your child's education. Our entire school community continues to come together and step up during these difficult times. Thank you for your patience and understanding as we move forward together. If you have a specific question, please reach out to your child's principal.

Sincerely,

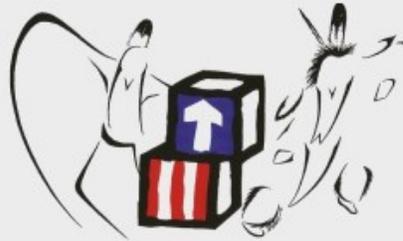

Erik T. Olson
Superintendent

HAPPY HOLIDAYS

December 1, 2020

Giniijaanisinaanig
Bad River Head Start & Early Head Start
53552 Abinoojiyag Road
P.O. Box 39
Odanah, WI 54861
(715) 682-7144

Boozhoo,

We are the Parent Committee of the Bad River Head Start & Early Head Start. One of our main roles is funding various activities throughout the school year, including Christmas. Normally, this is done by fundraising efforts through bake sales, raffles, etc. Due to COVID-19 and the long-standing safety protocols that have been in place, our efforts have been brought to a standstill.

To continue providing our students with special moments, we would greatly appreciate your support. We are seeking donations to bring the joy and magic of the holidays to our head start and early head start families. Our goal is to provide each family with an activity that they are able to enjoy together, in addition to a goodie bag. Examples of family activities include board games and crafting kits.

If you wish to support us, you are able to do so in the following ways: 1) Make a monetary donation for us to purchase supplies, or 2) Donate items to include in the goodie bags. Please contact Samantha Nordin at (715) 292-7513 for donation details. We will be delivering the packages to families December 15-17. All of us from the Bad River Head Start & Early Head Start Parent Committee thank you in advance for your contribution!

Miigwech,

Bad River Head Start & Early Head Start Parent Committee

DELIVERY FOR
**Giniijaanisinaanig
Families**

Santa and his helpers will be delivering holiday gifts to all Bad River Head Start & Early Head Start families on the following dates:

- December 15th: Ashland
- December 16th: Odanah
- December 17th: Birch Hill

A red sleigh with silver runners and a curved front, filled with a large sack of gifts and several wrapped presents. The sleigh is decorated with a small gift box and a signature. Pinecones and evergreen branches are visible in the foreground.

Bad River Education Department is sponsoring tutoring!

Tutor Availability:
 Monday- Phillip 4-7pm
 Tuesday- Marshall 4-7pm
 Wednesday-Phillip & Marshall 4-7pm
 Thursday-Phillip & Marshall 4-7pm
 Friday- Phillip 5-7pm upon request

*Due to COVID-19 this is currently being hosted in AHS or via Zoom

* To coordinate tutoring please email Phillip Brede at pbrede@sdak12.net or Lydia Marshall at lmmarshall@sdak12.net. Alternatively, please call Phillip at 715-209-7827 and leave a voicemail he will return your call in 1 business day.

* For further questions, please contact Stephanie Julian at the Bad River Education Department 715-682-7111 or educationdirector@badriver-nsn.gov

Take survey to help improve Tribe's broadband services

Superior Connections and The Bad River Planning and Informational Technology Departments are chasing an exciting grant opportunity that, if successful, will allow us to improve our broadband services to the communities of Birch Hill, Aspen Acres, Franks Field, Diaperville, Old Odanah, and Bayfront.

We need to hear from people living in or near these communities to determine your level of satisfaction with your current services and what your wishes are for improvements.

The survey takes about 2 minutes to complete. Fill it in now!

The more input we receive the better! If you'd prefer to send an email or leave a phone message about your experience with internet services on the reservation, these are accepted at b.gehred@badriver-nsn.gov or 715-682-7111 X1534.

[Click this link to take survey](#)

Tamales ON Tuesday, Dec. 8th, 2020
Empanadas on Thurs., Dec. 10th. Both 5-7pm**

Tribal Member skilled in Mexican cuisine will teach you about Tamales & Empanadas. Learn to make for Holidays. Will use banana leaves for Tamales rather than corn husks; some MASA made here.

If interested, please Please Contact Loretta Livingston at 715-685-7111 ext. 1611, @715-292-0850, or Joy Schelble at 715-681-0573. And please provide **email address**, as we will send **Zoom Link** via email; And, we need # of participants to plan for ingredients. Samples available after class, TBA.

Snowplowing available for private drives

BAD RIVER BAND OF LAKE SUPERIOR TRIBE OF CHIPPEWA INDIANS

CHIEF BLACKBIRD CENTER

P.O. Box 39 • Odanah, Wisconsin 54861

Notice

Snowplowing private drives for the winter of 2020-2021

The Bad River Tribes Roads Dept. will be offering private driveway snowplowing for the 2020 -2021 season. Services will be offered on the following roads and streets:

- Aspen Acres
- Birch Hill Community Streets
- Birch Hill Lake Road (Graveyard Creek Rd.)
- Bad River Community Streets (New Odanah)
- Caville Rd.
- Old Odanah Rd (old Co A) as far as McDonald Rd.
- Kakagon Street
- Moccasin Dr. (Franks Field)

THE FOLLOWING FEES FOR SNOWPLOWING WILL APPLY:

MEMBERS	\$85.00
ELDERS	\$30.00
HANDICAP	\$30.00

Fees can be made at the Tribal accounting office. **Fees are to be made in the form of cash, check, or money order only**, payable to: The Bad River Tribal Roads Dept. Snowplowing fees must be paid prior to December 18, 2020.

After **December 18th, 2020** we will not accept any more payments for snowplowing of private driveways. No exceptions will be made for late payments.

****The following rules are in effect for snowplowing of private driveways:****

- Services will not be offered to Housing Tenants as the Housing Program is offering the same services.
- A waiver must be signed before any snowplowing of private driveways can be done. Waiver will be adhered to in the event of accidental damage.
- Driveways will be plowed only after all school bus and emergency routes have been plowed.
- Driveways that are not paved **WILL NOT BE PLOWED** while the ground is not frozen. (Before initial freeze or during the spring thaw)
- Driveways over 150' will be required to pay double fees.
- All driveways will be stopped at only once. Return trips will not be available when obstructions are removed **after** we've come through already.
- **Driveways will not be plowed when snowfall accumulations are less than one inch.**
- Driveway must be clear of all obstructions and overhanging branches, electrical wires, etc.
- Any driveway deemed not suitable for plowing will have fee refunded.
- Anyone who needs their driveway opened sooner is asked to contract with another service.

Snowplowing Agreement and General Waiver of Liability. Release of Claims. Indemnification and Hold Harmless Agreement

Agreement and Purpose: This Agreement and Waiver is entered into between the Parties identified below for the purpose of Tenant/Recipient obtaining certain snowplowing services from the Bad River Housing Authority.

Parties: The parties to this Agreement and Waiver are the below-signed Tenant/Recipient and the Bad River Housing Authority.

Terms and Conditions: The parties to this Agreement and Waiver agree to the following terms and conditions:

1. **Housing Authority's Obligations.** In Consideration of Tenant/Recipient's payment of the amount described below, the Housing Authority agrees to provide snowplowing services to the tenant/recipient's driveway located at _____
The snowplowing shall be subject to the following conditions:
 - A. The snowplowing shall be limited to the driveway area whose culvert edges are clearly marked and which is not obstructed by vehicles or other objects. (Once the Housing Authority had been to a particular residence, there will be no return trips.)
 - B. Snowplowing shall only occur after the Housing Authority has completed its other regular duties, and shall be very limited after regular business hours, weekends and holidays.
 - C. The Housing Authority shall plow the various driveways in accordance with a priority schedule that it alone shall determine.
 - D. Snowplowing shall only occur when the Housing Authority, in its sole discretions determines that the weather and road conditions warrant it.
2. **Tenant/Recipient's Obligations.** In consideration of the services described above, Tenant/Recipient agrees to:
 - A. Pay the nominal sum of _____
 - B. Clearly mark the edges of his/her driveway, structures, culverts, etc.
 - C. Keep the driveway free of vehicles and other obstructions.
 - D. Abide by the following General Waiver of Liability, Release of Claims, Indemnification, and hold harmless Agreement which is as follows:

I, _____ hereby covenant and agree that I, my heirs, successors and assigns will never institute, prosecute, or in any way aid in the institution or prosecution of any claim, demand, action, suit, in law or equity, for or on account of any damage whatsoever, against the Bad River Housing Authority, the Bad River Band of the Lake Superior Tribe of Chippewa Indians, or any principals, officers, directors, administrators, employees, trustees, agents, successors, or assigns acting on behalf of the aforementioned Bad River Band or Housing Authority (hereafter collectively "Housing Authority"), whether such claim is based on loss to person or property, foreseen or unforeseen, developed or undeveloped, known or unknown, direct or indirect, past, present or future, arising out of or otherwise related to any snowplow services rendered in accordance with this agreement I agree to be fully responsible for and do hereby forever release, discharge, indemnify, and hold harmless the Housing Authority from and against any and all claims, demands,

Continued on Page 32

From on Page 31

actions, suits, debts, accounts, losses, judgments, costs, charges, or other liability of any nature whatsoever, which are or are claimed to be caused by or related to snowplowing rendered pursuant to this agreement. In the event of any such action or claim, I shall indemnify the Housing Authority for all costs and expenses, including reasonable attorney's fees. This agreement covers breaches, defaults or losses caused by heirs, my legal representatives, successors, agents, assigns or me.

3. Dispute Resolution; Choice of Law; Sovereign Immunity

DISPUTE RESOLUTION. The parties agree to the following procedures for the resolution of any dispute, which may arise out of this contract, or the breach of this Agreement and Waiver:

INFORMAL SETTLEMENT NEGOTIATIONS. If any dispute arises with respect to this Agreement and Waiver or the breach thereof, the parties shall first seek to resolve the dispute through informal settlement negotiations. Notice of any dispute must be given to the other party within one year from the date of the incident, which led to the dispute. In the event that the parties are unable to reach informal resolution of the dispute, either party may commence an action in Bad River Tribal Court, provided a written notice of suit is given to the other party sixty days prior to the commencement of any action.

CHOICE OF LAW The parties agree that this Agreement and Waiver shall be governed by and interpreted according to the laws of the Bad River Band of the Lake Superior Tribe of Chippewa Indians. The sole venue for resolving any conflict, interpretation or enforcement issue shall be with the Bad River Tribal Court.

SOVEREIGN IMMUNITY Nothing in this Agreement and Waiver, including but not limited to the agreement to have all disputes arising out of or otherwise related to this contract settled by informal negotiations, shall be construed or interpreted to effect a waiver of the sovereign immunity of the Bad River Band of the Lake Superior Tribe of Chippewa Indians ("the Band"), other than a limited waiver of sovereign immunity for the sole purpose of satisfying obligations under this contract. This limited waiver of sovereign immunity is for the sole purpose of satisfying obligations under this contract. This limited waiver of sovereign immunity is defined as follows: Either party agrees to be bound by the final decisions of the Tribal Court or Bad River Tribal Court of Appeals, for payment of an amount of money not to exceed the value of the contract. No other waiver of the band's sovereign immunity, either express or implied. May be inferred from any of the terms and/or conditions set forth in this contract, and the parties specifically agree that no challenge to the Band's defense of sovereign immunity will be raised in any action except an action strictly limited to enforcing the terms of this contract. In addition, nothing herein shall be construed or interpreted as providing any form of consent on the part of the Band to the jurisdiction of the courts of the State of Wisconsin or any other State: and furthermore, nothing herein shall be construed or interpreted to effect any waiver of any defenses, including but not limited to the defense of sovereign immunity, which the Band may have with respect to any claims made or actions instituted by any persons or entities not parties to this contract. Nothing in this contract shall be construed or interpreted as granting the contractor or any other persons or entities any right to seek judgment against any property (real or personal) or other assets held by the Band or its members; and nothing in this contract shall be construed or interpreted as granting the contractor or any other persons or entities any right to place any lien upon, or otherwise attach or levy, any property (real or personal) or other assets held by the Band or its members.

Execution:

I hereby acknowledge and affirm that I have read the contents of this Agreement and Waiver, and that I understand the terms hereof. I enter into this Agreement and Waiver of my own volition, and without threat, coercion or duress from the Housing Authority. I acknowledge and agree that the terms outlined herein are binding upon heirs, my successors, assigns, and me.

BACK BY POPULAR DEMAND!

Grace Livingston

Elder Benefit Specialist

The GLITC Elder Benefit Specialist (EBS) provides assistance and advocacy for Tribal elders (typically age 55 and older) in Wisconsin with their private and government benefits including: Medicare, Social Security, Medical Assistance, Consumer problems, Housing issues, supportive home services and Veteran's benefits.

Grace has over three years of experience as the Elder Benefit Specialist serving Bad River, Lac Courte Oreilles, Lac du Flambeau, Red Cliff, Sokaogon, St. Croix, and Forest County Potawatomi tribal communities. As a Tribal Senior Medicare Patrol (SMP), she can assist Tribal Elders through trained volunteers to help educate and empower Medicare beneficiaries in the fight against health care fraud.

For assistance, don't hesitate to contact her at: **715-661-4067**

OUR MISSION -To enhance the quality of life for all Native people.

Great Lakes Inter-Tribal Council Inc.

This institution is an equal opportunity provider.

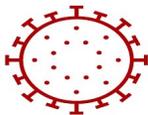

Isolation & Quarantine Orders Must Be Followed

The Wisconsin Supreme Court decision on Safer at Home does **NOT** stop local health departments from issuing isolation and quarantine orders.

WHAT THIS MEANS

Those **ill** with COVID-19 must follow isolation orders

-  Public health will call you
-  Public health will give you instructions
-  You must follow these instructions

Those **exposed** to COVID-19 must follow quarantine orders

-  Public health will call you
-  Public health will give you instructions
-  You must follow these instructions

Reminder: Bad River is under a “Shelter at Home” order!

How do I know if I was exposed?

If you think you have been exposed to someone with COVID-19, follow the steps below to monitor your health and to avoid spreading the disease to others. You generally need to be in close contact with a sick person to get infected. Close contact includes:

- Living in the same household as a sick person with COVID-19
- Caring for a sick person with COVID-19
- Being within 6 feet of a sick person with COVID-19 for about 15 minutes
- Being in direct contact with secretions from a sick person with COVID-19 (e.g. being coughed on, kissing, sharing utensils, etc.)

If you have not been in close contact with a person who you know had COVID-19, you are at low, but not zero risk for infection. Cases of COVID-19 do occur due to community spread from people you may not know have COVID-19, which is why hand hygiene, wearing a face mask or cloth covering, and social distancing are important prevention measures.

If you have been exposed to a person with COVID-19 but not in close contact, you can continue to go to work or school but you should monitor your health for 14 days and, if you become ill, you should stay away from others and contact your health care provider.

Bad River Public Health will provide support or assistance to help meet the needs of individuals who are isolated or quarantined. This may include meeting basic needs such as medications, food, and potentially shelter.

The next 2 weeks will be important to protect yourself and family. Please continue to follow the guidelines and “Shelter at Home” order.

Stay Safe & Be Well!!

Tribal face-covering requirement

Bad River Public Health Release New tribal wide face mask, Face Shield, Face Coverings Requirement

Effective Immediately, Bad River Public Health is issuing a Tribal wide face mask, face shield, face coverings requirement.

This requirement applies Tribal wide to: All Tribal Buildings and Tribal Enterprise Areas

- everyone age 5 and older wear a face covering or mask when in any and all Bad River buildings and transportation vehicles, where others are present. We recognize this is not a standard infection prevention, however, we find ourselves in extraordinary times and given current circumstances, this requirement is necessary.
- Per the requirement, individuals must wear a face covering that covers their nose and mouth when in the public areas of the Tribal work settings (Hallways, restrooms, commons areas), waiting in lines, and while on public transportation, or are in places where the six feet of social distancing isn't possible. Pam Feustel, Bad River Public Health Nurse, states that "social distancing and wearing masks are going to be our most effective tools in slowing the spread of COVID and keeping our community safe."
- If someone is unable to wear a mask or face covering due to a medical condition or disability, please ask that Tribal Office or business for reasonable accommodation. For Tribal Employees seeking an exemption, please check with your immediate supervisor, and consult with public health. Children age 2 through 4 are highly encouraged to wear masks in public, children 5 and older are required to wear masks. If your child is not able to wear a mask, please plan ahead and avoid public areas referenced in this memo.

Masks will be available at the entrance of each building. They will be issued at the start of each shift, and continued to be worn throughout the day. If

(Continued on Page 40)

(Continued from Page 39)

employees are at their work station/desk and are able to social distance (6ft), it is not required to keep the mask on. In the event that the mask becomes visibly soiled, saturated, or damaged, a new mask must be obtained. We ask all personnel to make every effort to help preserve the supply of PPE and reduce the need for replacement masks whenever possible. In place of a procedural face mask, simply wear a bandana, scarf, or neck gaiter around your nose and mouth. Or you may create a cloth face covering by either sewing one or using a no-sew method on the CDC website. Medical-grade surgical masks or N95 respirators are not required or necessary for general public use. Please see attached procedure on how to Don (apply) and Doff (remove) a face mask.

In addition to wearing a mask, these actions will help protect yourself and others from COVID-19:

- **Stay home if you are sick or feel off.**
- **Stay home if you do not need to go out.** Working from home, virtual gatherings, and using curbside or delivery ordering are still the safest and best options to protect yourself and others.
- **Stay 6 feet from other people.** Respiratory droplets are in the air when other people cough, sneeze, talk and breathe. Staying 6 feet from others will lower the chances of you coming in contact with the virus from those droplets.
- **Assume you have come in contact with COVID-19 if you go out.** Watch for symptoms like fever, cough, shortness of breath, fatigue, body aches, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. If you have these symptoms, call your doctor to be tested.

Cell: 715-292-9666
t.gerovac@badriverhwc.com

(Continued on Page 41)

(Continued from Page 40)**Infection Prevention Guidance on Donning and Doffing Face Masks****To Doff (remove) face mask with intent to reuse:**

1. Perform hand hygiene
2. Remove mask (remove procedure mask by holding the ear loops. The front is contaminated so remove slowly and carefully.)
3. After removing face mask, visually inspect for contamination, distortion in shape/form. If soiled, torn, or saturated the mask should be discarded.
4. If the face mask is NOT visibly soiled, torn, or saturated, carefully store on a paper towel, or in a bag, exterior side down.
5. Perform hand hygiene.

To Re-Don (apply) Mask:

1. Perform hand hygiene
2. Grasp Mask (pinch procedure mask at the ear loops)
3. Place over face (secure ear loops behind the ears. Secure mask)
4. Perform hand hygiene

A disposable face mask can be worn throughout your shift if not visibly soiled, torn or saturated, and NOT touched while delivering patient care.

Isolation/Quarantine Order for the Bad River Community

Note: The quarantine ordinance puts into place the legal enforcement mechanism if a Tribal member who tests positive for COVID-19 refuses to quarantine for the safety of the Bad River Community.

Isolation/Quarantine Order for the Bad River Community

This Order outlines the Bad River Community's overall approach of how quarantine and isolation status is applied during the COVID-19 public health emergency. The Tribe has authorized the enforcement of isolation and quarantine orders for communicable diseases, like COVID-19, under Chapter 146 - Disorderly Conduct of the Tribal Court Code.

The Tribe reserves the right to modify this order or actions taken under it at any time based on with developing guidance and best practices for COVID-19. Additionally, while this Order outlines the overall approach, specific directions may differ as appropriate based on medical conditions.

DEFINITIONS

- Close Contact: A person is considered to be a close contact of a person who tested positive for COVID-19 if they met any one of the following scenarios:
 - 1) Did you have direct physical contact with the person (e.g. hug, kiss, handshake)?
 - 2) Were you within 6 feet of the person for more than 15 minutes?
 - 3) Could the person have had contact with any of your respiratory secretions (e.g. Coughed/sneezed on, contact with dirty tissue, sharing a drinking glass, food or towels or other personal items).
 - 4) Did you stay overnight for at least one night in a household with the person (i.e., household contact)?
- Indirect Contact: A person is an indirect contact if they have prolonged (15 minutes or more) contact with someone who is not positive, but is considered as having close contact (as defined above) to a person who tested positive for COVID-19.
- Household contact: Any person who lives in or spent at least one night in the house of a person who tested positive for COVID-19 during the infectious period.

PERSONS UNDER QUARANTINE OR ISOLATION ORDERS

NOTE: Persons who are under quarantine orders due to a positive COVID-19 test are not released from quarantine until they receive documentation from Public Health Director discharging them from the quarantine order. This Order provides guidance on when such a discharge from quarantine typically occurs.

Persons who tested positive for COVID-19:

Persons (both employees and non-employees) who tested positive for COVID-19 will be quarantined. If the person is under the Tribe's jurisdiction, they will be quarantined per Chapter 146 - Disorderly Conduct of Tribal Court Code.

If the person is outside of the Tribe's jurisdiction, a quarantine recommendation will be issued. The local public health authority where they live in may issue additional isolation/quarantine requirements.

(Continued on Page 43)

(Continued from Page 42)

If a person is tested at a site other than the Bad River Health & Wellness Center, the person shall inform Public Health at 715-682-7133 #4344 or 715-292-7368 of their test date and medical documentation.

All persons who test positive will be contacted by contact tracers to identify who else may have been exposed to COVID-19. Persons who tested positive shall provide all information to the contact tracer to include past travel, symptoms, and who they were in contact with.

Quarantine will be discontinued once the person with the positive case meets the following:

- 10 days have passed since symptoms first appeared or the positive COVID-19 test result AND
- You have had no fever for at least 72 hours (that is three full days of no fever without the use of medicine that reduces fevers) AND
- All symptoms have resolved (for example, when your cough or shortness of breath have resolved) AND
- If testing is not completed at the BRHWC, the community member must provide a certification of clearance from a qualified health provider. The result must be given to Public Health at 715-682-7133 #4344.

Employees will require medical authorization clearing them to return to work.

Household Contacts of a person who tested positive for COVID-19:

Household contacts will be subject to an isolation or quarantine order. If the household contacts are under the jurisdiction of the Tribe, they will be isolated or quarantined per Chapter 146 - Disorderly Conduct.

If the household contacts are not under tribal jurisdiction, an isolation/quarantine recommendation will be issued. Their local public health authority may issue additional isolation/quarantine requirements. All employees of the Bad River Tribe are required to report instances when members of their household are confirmed COVID-19 positive to Public Health.

All persons in a household of someone who tested positive will be contacted by contact tracers to identify who else may have been exposed to COVID-19. Persons in the household of someone who tested positive shall provide all information to the contact tracer to include past travel, symptoms, and who they were in contact with.

Isolation/quarantine of the household contacts will be discontinued once the person meets the following:

- 14 days have passed since the person in the household was released from quarantine.
 - NOTE: For people who continued to live in the same house, this 14-day timeframe begins at the end of the quarantine period for the person who

(Continued on Page 44)

(Continued from Page 43)

tested positive (when they are released). This requirement is due to the fact that persons living with the infected person could be infected throughout the entire initial quarantine period when the person was infectious.

- o NOTE: For people who do not continue to live in the same house (such as if they were a visitor for one night or the infected person is separated into an entirely separate area such as self-contained basement, camper, or cabin), then this 14-day period begins as of the date of last contact with the person who tested positive. Public Health will need to accept that the separation is adequate in order to allow tracking under this provision.

And

- You do not develop symptoms (Fever, cough, shortness of breath, sore throat, muscle pain, loss of taste or smell).
- If symptoms develop during the 14-day period, you must report symptoms to Public Health (715-292-7368) and contact your primary care provider.

Employees will require medical authorization clearing them to return to work.

People who have Close Contact with a person identified as having COVID-19 or those who had Close Contact (2 days prior or less) to a person who later tested positive for COVID-19.

Employees who had close contact with a person known to have COVID-19 shall notify Public Health of the close contact and isolate themselves in their home. Contact tracers will interview those with close contact to confirm the contact. If the contact is confirmed, those with close contact will be tested for COVID-19. If the results are positive the person will follow the guidance for Persons who tested positive for COVID-19. If the results are negative, the person will require to isolate themselves in their home for 14 days from the date of close contact with the person who tested positive or a negative test result is received. Employees will require medical authorization clearing them to return to work.

Non-employees who had close contact with a person known to have COVID-19 shall notify Public Health (715-292-7368 or 715-682-7133) of the close contact and isolate themselves in their home. Contact tracers will interview those with close contact to confirm the contact. If the contact is confirmed, those with close contact will be tested for COVID-19. If the results are positive the person will follow the guidance for Persons who tested positive for COVID-19. If the results are negative, the person will require to isolate themselves in their home for 14 days from the date of close contact with the person who tested positive or until a negative test result is received.

All Close Contacts- While in the 14-day isolation, all persons shall isolate themselves at home and monitor themselves for symptoms. The person shall limit travel outside of the home to those trips that are absolutely necessary for food and supplies. The person shall wear a mask when making those trips and limit exposure to others in the household. The person should contact the clinic at 715-682-7133 if they develop symptoms. If symptoms become severe or life-threatening they should call 911 or go to the Emergency Room.

(Continued on Page 45)

(Continued from Page 44)

Close Contacts are released from isolation if they do not develop symptoms within the 14-day period while potentially infectious or a negative test result is received

PERSONS WHO NEED TO MONITOR HEALTH CONDITION

People who have Indirect Contact with a person identified as having COVID-19 or those who had Indirect Contact (2 days prior or less) to a person who later tested positive for COVID-19.

Employees who had indirect contact with a person known to have COVID-19 shall notify Public Health of the indirect contact. Contact tracers will interview those with indirect contact to confirm the contact was not close contact. If the contact is confirmed as indirect, the person will be required to test for COVID-19. If the results are positive the person will follow the guidance for Persons who tested positive for COVID-19. If the results are negative, the person will be cleared for work, but shall monitor themselves for symptoms and notify Public Health if symptoms appear.

Non-Employees who had indirect contact with a person known to have COVID-19 will be offered a COVID-19 test. If the results are positive the person will follow the guidance for Persons who tested positive for COVID-19. If the results are negative, the person shall monitor themselves for symptoms and notify their primary care provider if symptoms appear.

SELF-ISOLATION REQUIRED PENDING FURTHER DIRECTION

Persons who have symptoms of respiratory illness (fever, cough, shortness of breath, sore throat, muscle pain, loss of taste or smell).

Employees who have symptoms of respiratory illness such as Fever, Cough, shortness of breath, sore throat, muscle pain, or loss of taste or smell shall isolate themselves at home and contact Public Health. The employee will be required to meet with primary care provider to be screened for testing for COVID-19 or may be required to complete a 14-day isolation of which the last 3 days must be asymptomatic based on medical direction. Employees will require medical authorization clearing them to return to work.

Non-employees who have symptoms of respiratory illness such as Fever, Cough, shortness of breath, sore throat, muscle pain, or loss of taste or smell shall isolate themselves at home and contact BRHWC or primary care provider.

GENERAL GUIDANCE

Community members who have a different scenario than listed above, or have a concern about COVID-19:

Everyone should monitor themselves for symptoms of illness, limit travel, and practice social distancing. Social distancing means staying 6 feet or more away from others. If a community member has concerns or questions about COVID-19, they can call Public

(Continued on Page 46)

(Continued from Page 45)

Health at 715-682-7133 for more information on COVID-19.

If the person starts experiencing symptoms of respiratory illness (fever, cough, shortness of breath, sore throat, muscle pain, loss of taste or smell) they should call the Bad River Health & Wellness Center Triage line at 715-682-7133 or their medical provider.

Contact
Tracing

The Tribe's Public Health Department is functioning as a tribal public health agency for this COVID-19 public health emergency. As COVID-19 is a communicable disease, this means the Tribe needs to identify people who have been in contact with a person who tested positive for COVID-19 as those contacts were exposed to the disease.

Contact Tracers are required to keep the identification of a person who tested positive for COVID-19 private as they contact other people who may have been exposed. Contact tracers will not confirm, deny, or disclose the identity of someone who tested positive to those they are contacting. The individual who tested positive may self-disclose their status.

Contact tracers may through the interview process, identify someone as having contact with a person who has tested positive for COVID-19. Contact tracers will identify the person as being a household contact or having close contact or indirect contact. If a person (both employee or non-employee) is identified as having a contact with person who tested positive for COVID-19, they must follow the guidance in this Order that matches their level of contact. If the contact level is not clear to the contact tracers, but contact exists, the person will be considered as having close contact.

The Tribe, as part of its workplace-related medical surveillance order for COVID-19, refers all employees for testing if they are identified as a household or close contact through contact tracing. Based on this referral, Public Health will inform the Tribe's HR and/or Public Health Departments of test and quarantine/isolation status of employees.

The following are the normal types of questions that contact tracers ask people as part of the contact tracing process. Both the Primary person (person who tested positive for COVID-19) and other people identified as potential contacts are contacted.

- 1) Name
- 2) Date of birth
- 3) Sex
- 4) What is your occupation and name of workplace?
- 5) Are you in close contact with other people while you are at work?
- 6) Do you work in a health-care, long-term care facility, or a setting that serves elderly?
- 7) Where do you live?
- 8) Who else lives with you?
- 9) Where do the others in your household work?
- 10) What date did symptoms first occur?
- 11) What symptoms have you experienced?
- 12) Did you have a COVID-19 test? If so, when? Where were you tested, what were the results?
- 13) Have you had close contact with other community members who are not in your household over the last 14 days prior to onset of symptoms? If so, who?

Disorderly Conduct Code

Bad River Tribal Court Code Chapter 146 – Disorderly Conduct Code

relating to: disorderly conduct code title, statement of purpose and definitions, enforcement and penalties.

**an amendment relating to: Public Health Quarantine Order dated August 6, 2020 enforcement; and
an amendment relating to: applying the Public Health Release dated July 20, 2020 regarding face coverings and masks to public or business space and outdoors where unable to maintain physical distance and enforcement.**

Chapter 146 of the Bad River Tribal Court Code is created to read:

Section 146.01 Title, Statement of Purpose and Definitions.

A. Title. This Code may be cited as the “Disorderly Conduct Code.”

B. Statement of Purpose. The purpose of this Code is to:

1. Eliminate offensive behaviors and maintain peace within the Bad River community;
2. To hold violators accountable for their actions;
3. To promote health, safety, and well-being to anyone within the boundaries of the Bad River Reservation.

C. Construction. This Chapter shall be liberally construed to effect the purposes stated above and shall be interpreted to comport with the customs and traditions of this Tribe. If Tribal Law, customs, or traditions are inconclusive in any matter arising under this chapter, then other Tribal Law, Federal Law, and as a last resort, the law of the State of Wisconsin, may be used for guidance.

D. Definitions. As used in this Chapter the following terms shall have the meanings given below:

Disorderly Conduct

Any person subject to the jurisdiction of the Bad River Reservation who is found, by a preponderance of the evidence, to have engaged intentionally in any of the following behaviors on the Reservation, knowing, or having reasonable grounds to know that such behavior will, or will tend to alarm, anger or disturb others or provoke an assault or breach of the peace, is guilty of disorderly conduct, which is a civil misdemeanor, and is subject to a fine.

(Continued on Page 48)

(Continued from Page 48)

over their nose and mouth when in the following situations: inside any public or business space; and while outdoors in public spaces and unable to maintain a 6 – foot distance between individuals.

Section 146.02 Enforcement.

A. The Tribal Police shall have the authority to investigate any disturbance on the Reservation. Upon reasonable suspicion, which may be based on the complaint of another person, that any person subject to the jurisdiction of the Bad River Reservation is engaging in or has engaged in disorderly conduct as defined in section 146.01D. of this chapter, the Tribal Police shall determine whether a citation according to Section 146.03 of this chapter shall be issued.

B. As used in this section, “Reservation” means lands owned or held in trust for the Bad River Tribe.

C. Nothing contained in this section shall be construed as a waiver of sovereign immunity of the Bad River Band of Lake Superior Chippewa.

an amendment relating to: Public Health Quarantine Order dated August 6, 2020 enforcement

D. The Tribal Police shall have the authority to execute the Public Health Order dated August 6, 2020 and a Public Health Nurse quarantine, isolation, restriction or other action if the quarantine or other restriction is violated, including removing a person to a designated place.

Section 146.03 – Penalties.

Any person who violates this Chapter shall be subject to the following:

A. A civil forfeiture not less than \$50.00 but not to exceed \$500.00 for the first offense; and/or

B. A civil forfeiture not less than \$100.00 but not to exceed \$1000.00 for a second offense within a five (5) year period; and/or

C. A penalty other than those stated above as deemed appropriate by the Court, to be determined on a case-by-case basis.

'End' Quote

The Bad River Domestic & Sexual Abuse Program shares this statement for the week. These weekly statements address various issues, concerns and thoughts that we hope you will read and consider why it was written:

“When the wrong people leave your life, the right things start to happen.”

~ be.positive.enjoy.life

Watch for the next statement in the **December 23** newsletter. If you have a statement you would like to share, feel free to send it to Hiedi-Beth Burns, Coordinator/DV & SA Advocate & Legal Lay Advocate, Bad River Domestic Abuse Program. Send email to brdap@badriver-nsn.gov

[Hiedi-Beth Burns, Coordinator/DV & SA Advocate & Legal lay Advocate](#) Bad River Domestic Abuse Program.
