Staying Connected in These Times

We all have a role to play in preventing the spread of COVID-19. Social distancing is important to slow the spread of illness, but social distancing doesn't have to mean losing your connection with others. Use video chat services or the telephone to talk with family and friends. In this time of uncertainty, it's important to be there for one another. We're in this together, even though we're physically apart.

Wear a mask, • Wash your hands often or use hand sanitizer, and • Stay out of crowded places, if possible.

If you are feeling symptomatic, even after you have had the vaccine, please call the clinic to speak to a provider.

REMEMBER TO GET YOUR FLU SHOT!

Stay Safe and Be Well
