Updated Numbers

Total Tested at BRHWC: 6629

Total **Active** Positive Cases in Bad River 0

**Active** Monitoring (due to Isolation or Quarantine) 0

Deaths of Community Members 2

Bad River Health and Wellness Center reports NO new positive cases of COVID-19 from 02/12/2021 to 02/15/2021. These numbers are up to date as of 10:45 a.m. on 02/16/2021.

To date, there have been a total of 177 positive cases in Bad River. **So far we have 176 recovered cases.** One community member was not living in our county at the time of illness and death which is why you see the discrepancy in numbers.

If you have questions, you may contact:

Randy Samuelson, Clinic Administrator  r.samuelson@badriverhwc.com
Robert Houle, Assistant Clinic Administrator  r.houle@badriverhwc.com

If you are sick with COVID-19 or think you might have it, take steps to help protect other people from getting sick:

1. **Stay home except to get medical care.** Call the doctor prior to going in for an appointment and explain your symptoms.
2. **Separate yourself from others** who live with you.
3. **Wear a mask** to protect others.
4. **Cover your coughs and sneezes** with a tissue and clean your hands right away.
5. **Avoid sharing items with other people in your home.** This includes things like towels and bedding. Be sure dishes are washed in hot water or the dishwasher before anyone else uses them.
6. Stay aware of how you feel. **If you start to have difficulty breathing or if you are worried about your health, call 911.**

If you are feeling symptomatic, even after you have had the vaccine, please call the clinic to speak to a provider.

Stay Safe and Be Well
