COVID-19 Daily Update

March 17, 2021 10:30 a.m.

Updated Numbers

Total Tested at BRHWC:	8035
Total Active Positive Cases in Bad River	0
Active Monitoring (due to Isolation or Quarantine)	0
Deaths of Community Members	3

Bad River Health and Wellness Center reports NO new positive cases of COVID-19 on 03/16/2021. These numbers are up to date as of 10:30 a.m. on 03/17/2021.

To date, there have been a total of 178 positive cases in Bad River. So far we have 176 recovered cases. One community member was not living in our county at the time of illness and death which is why you see the discrepancy in numbers.

FACT: The prolonged use of medical masks* when properly worn, DOES NOT cause CO2 intoxication nor oxygen deficiency

The prolonged use of medical masks can be uncomfortable. However, it does not lead to CO2 intoxication nor oxygen deficiency. While wearing a medical mask, make sure it fits properly and that it is tight enough to allow you to breathe normally. Do not re-use a disposable mask and always change it as soon as it gets damp.

*** Medical masks (also known as surgical masks) are flat or pleated; they are affixed to the head with straps or have ear loops.**
