COVID-19 Daily Update

March 18, 2021 3:30 a.m.

Updated Numbers

Total Tested at BRHWC:	8040
Total Active Positive Cases in Bad River	2
Active Monitoring (due to Isolation or Quarantine)	8
Deaths of Community Members	3

Bad River Health and Wellness Center reports TWO new positive cases of COVID-19 between 03/17/2021 and 03/18/2021. These numbers are up to date as of 3:30 a.m. on 03/18/2021.

To date, there have been a total of 178 positive cases in Bad River. So far we have 176 recovered cases. One community member was not living in our county at the time of illness and death which is why you see the discrepancy in numbers.

WHY SHOULD YOU VACCINATE??

The vaccine is shown to be effective at preventing COVID-19

The vaccine may keep you from getting seriously ill if you do get COVID-19

The vaccine may help protect those around you

The vaccine is a safer way of building immunity

The vaccine is an important tool in stopping the pandemic

You should receive the vaccine even if you already have had COVID-19

It is important to remember that if you make an appointment you keep that appointment as vaccines can only sit out for a certain amount of time. Each dose has the potential to save a life, so we want to be sure we are utilizing all doses!

Stay Safe and Be Well
