COVID UPDATE CHANGES

As stated last week, we have noticed a stabilization in cases of COVID-19. With that in mind, we will be changing the COVID daily update to a COVID weekly update, which will be sent out on **Wednesdays**. Please know that if we see an uptick in cases, or information changes other than the number of tests, we will resume daily updates to go out to all of you. We appreciate all of you who read this daily and utilize the information in the “education” section to help keep our community COVID free.
