The Delta variant spreads easily in indoor spaces when people are unmasked and unvaccinated.

**NEW CDC STUDY:**  
Teacher infected with the Delta variant worked for two days, occasionally unmasked during read aloud.

Half of the class got infected.

**YOU STOP SPREAD WEAR A MASK AND GET VACCINATED**

The poster features a grid of 20 stylized human figures. The first figure on the left is yellow and represents the teacher. The remaining 19 figures are arranged in a 5x4 grid. The top row has 4 white figures, the second row has 4 yellow figures, the third row has 4 white figures, the fourth row has 4 yellow figures, and the fifth row has 4 white figures. This visualizes that half of the class (10 out of 20) got infected.

**Stay Safe and Be Well**
