

PUBLIC INPUT OPPORTUNITY

Beach Monitoring & Notification Plans for 2022

The Mashkiiziibii Natural Resource Department (MNRD) is soliciting community input on the **proposed 2022 beach monitoring plan** and on the **methods for notifying the public** when bacteria levels exceed water quality criteria.

Special points of interest:

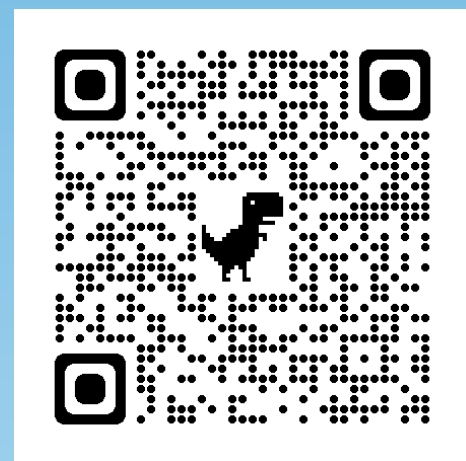

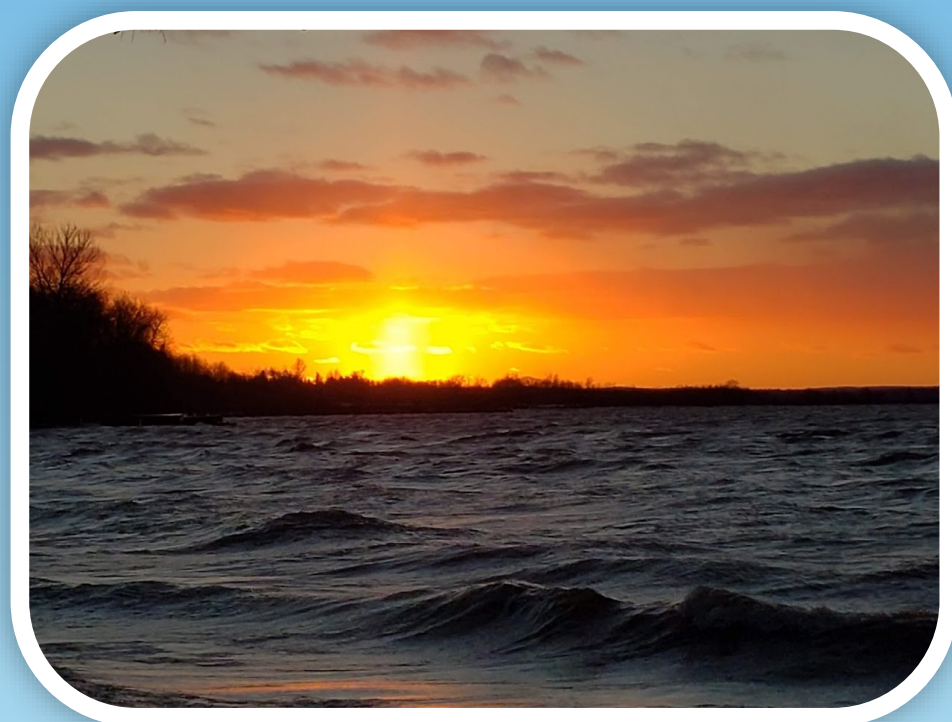

-Madeline Island Monitoring Frequency and Public Notification Methods due to Cabin Rentals

Comments will be accepted through: 5/6/22

Please submit comments to the Water Resources Technician/Lab Coordinator
