

Swim Advisory Cancellation

Area beaches are routinely monitored for the presence of bacteria in the water.

The most recent water samples were collected on Wednesday, June 22nd, 2022.

As of Thursday, June 23rd, 2022 we are **LIFTING** the **CODE YELLOW** Swim Advisory for the following beaches:

Second Landing

***Water sample is safely below the water quality criteria on all Bad River Beaches.**

Further sampling of Bad River Reservation beach waters is scheduled to resume on Wednesday, June 29th, 2022.

****please post advisory in your area.**
