

FRIDAY, FEBRUARY 24TH FUNDRAISER FOR CARSTON

Carston's Story

Carston is 1 years old and has a twin sister Alyana. They were both adopted by Tina Nault. Tina worked for the tribal community for almost a decade. She has a total of 7 children. Carston is at the Children's Hospital in Minneapolis, Minnesota. He has been through so much in just a short period of time. He tested positive in December for RSV, Influenza A and while at the doctor's they realized his oxygen level was low and continued to lower. His organs began to shut down and was placed on life support. Carston was later diagnosed with Group A Strep that got into his blood stream and caused sepsis. Doctors have had him on life support and continues to be on life support. Carston recently went through lung surgery which went well. Please help us support his family.
