

BURN BAN NOTICE

Thursday, May 7th, 2026:

ALL burning on the
Bad River Reservation is banned
due to elevated fire danger.

This restriction is in effect until further notice.

Other burning restrictions may be in place outside of the
Bad River Reservation, check Wisconsin DNR website for those restrictions.
Human activities cause 98% of wildfires statewide.

Ceremonial fires are still allowed within the Reservation boundary, but maximum
safety precautions must be followed, and the Chief Warden must be notified of the
general location beforehand.
