Department: BRHWC – PT/OT
Hourly Rate: \$45.00 - \$63.00 DOE
Full Time: 40 hours/ week
Exempt: Non-Exempt/ Contract
Supervisor: Medical Director
Posting Date: Public
Opens: 05/29/2026
Closes: 06/12/2026 @ 4:30PM

Job Summary: A Physical Therapist performs treatments and exercises to help patients recover from illnesses and injuries. Their main duties include using various treatment techniques to develop personalized treatment plans, prescribing medications to relieve pain and increase mobility and teaching patients exercise techniques to improve their health.

Physical Therapists are healthcare professionals who use techniques like massages, movement trainings and exercises to help people recover from their injuries or illnesses. They'll work closely with patients to learn more about their conditions to develop personalized treatment plans that will return them back to normal health.

Physical Therapists may perform treatments on patients who have recently been released from the hospital or medical facility. They'll later educate the patients and their family members on how to perform these exercises and treatments while at home when the patient is released from the facility.

Essential Duties and Responsibilities include the following. Other Duties as assigned.

Therapist Assistants work closely with patients to help them recover from injuries. A few of the most common duties and responsibilities required of Therapist Assistants include:

- Consult with patients to learn about their physical condition and symptoms and review their medical history and referrals from doctors or surgeons
- Diagnose movement dysfunction by listening to patients and observing them as they move about
- Develop an individualized treatment plan
- Coach patients and teach them therapeutic exercises and stretches to improve their condition
- Use hands-on therapy such as massage to ease patients' pain and provide stimulation to promote healing
- Maintain patient records by keeping track of goals and progress while adapting treatment plans accordingly
- Advise patients and their families on in-home treatment options and what to expect from the recovery process

Cultural Sensitivity: This position requires awareness and deep appreciation of tribal traditions, customs, and socioeconomic needs. It requires the ability at all times to meet and deal effectively in contacts with Native American people and organizations. This requires tact, courtesy, confidentiality, discretion, and sound judgment in handling sensitive issues.

Qualification Requirements: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed are representative of the knowledge, skills, and/or ability required.

Required Education and/or Experience

A Physical Therapist must have received a doctorate in a physical therapy degree program, which usually takes three years to complete and requires earning a bachelor's degree first. A Physical Therapist also needs to complete a clinical internship in an area such as orthopedic care or acute care. Physical Therapists must be licensed, although specific license requirements differ depending on the state. The National Physical Therapy Examination is one exam required in all states.

<https://www.fsbpt.org/secondary-pages/exam-candidates/national-exam-npte>

- Strong communication skills and the ability to explain technical information clearly to patients
- Ability to work well with many individuals.
- Ability to perform multi-tasks in an often-busy environment.
- Excellent problem-solving and critical thinking abilities to identify and diagnose illnesses or injuries a patient is experiencing.
- Since they regularly work with their hands to apply exercise or massage treatments, Physical Therapists should have impressive dexterity.
- Ability to keep calm during emergency situations

- Basic Computer knowledge and keyboarding skills a necessity. Strong Computer skills are preferred
- Must be dependable, punctual, relate well with others and able to meet deadlines.
- Must understand the Native American community and culture, as well as experience working with people from diverse ethnic groups and various backgrounds.
- Must pass a pre-employment drug test upon employment.

Preferred Education and/or Experience

- Doctorate in a physical therapy degree program

Other Skills and Abilities:

Required:

- Compassion and empathy for patients, who are often in pain
- Attention to detail regarding a patient’s problems to analyze what they need to ease their pain and to prevent further injury
- Physical stamina to lift patients and spend long hours standing and modeling exercises
- Interpersonal skills to build positive relationships with patients and motivate them
- Communication skills to interact clearly with doctors and family members as well as patients
- Ability to maintain a high level of confidentiality
- Highly dependable, excellent attendance
- Training and licensed/certification in physical therapy
- Excellent attention to detail, particularly for interpreting patient treatment plans
- Strong communication skills and the ability to explain technical information clearly to patients
- Familiarity with physical therapy related products
- The ability to work effectively as part of a team
- Excellent verbal and written communication skills
- Able to interview patients/clients and document accurately, interact with the public and prospective patients/clients, speak effectively, and be readily available for crisis
- Strong verbal and written communication skills
- Complete and pass HIPAA training
- Ability to organize and prioritize tasks.
